

The possibilities are endless.

House of Love Sponsorship Program

Sponsoring a child at the House of Love in Cam Ranh, Vietnam provides that child with food, education, and so much more. Do ("Rebecca") was one of the first children abandoned there. With her sponsor's help, she is reaching her goals in life. She graduated from high school and is studying to become a teacher. She regularly exchanges letters with her sponsor and treasures the encouragement she receives.

Gift: Any amount, or sponsor a child for \$35 or \$50 per month.

Brittany's Cribs

Babies slept in cockroach-infested wooden cribs in an orphanage in Haiti. With our help, 100 new metal cribs with mattresses and bedding were installed. Brittany's Cribs has provided new cribs to orphanages in Africa, Haiti, and Asia. Your gift will give cribs to infants in need of a safe place to sleep.

Gift: \$150 per crib includes a mattress, bedding, and crib toy.

Nutrition Program

Gambella, Ethiopia has a long history of ethnic struggles. The resulting tension has had a terrible impact on the children there. In 2009, Brittany's Hope built the Gambella Center to feed and educate over 200 children in the community, including 75 orphans. In addition to the Gambella Center,

Brittany's Hope supports nutrition centers in Vietnam and Uganda. Our mission in 2010 is to expand the program to feed more children. Gift: \$25 to feed a child for a month, \$300 to feed a child for a year.

Medical Interventions

The Medical Intervention Program matches our resources with doctors and health care organizations already working in-country overseas. Asalafew, an Ethiopian orphan with spinal tuberculosis, needed surgery to correct the painful curvature caused by the disease. Brittany's Hope funded the surgery, which was performed by an American surgeon in Ethiopia. Asalafew's surgery was a success and he plans to apply to the HOPE Project for nursing school sponsorship. Gift: any amount.

HOPE Project Helping Orphans by Providing Education

Frightened eight-year-old Zemenu was caring for his mother at a rural hospital when she died of malaria. Compassionate clinic workers permitted him to live at the hospital for the next ten years. Now a hard-working young man with dreams of becoming a doctor,

"We are losing young children to curable diseases. I feel I can do something to save them."

Zemenu wrote a letter to apply to the HOPE Project. With a grant to sponsor his schooling, Zemenu is attending medical college and proudly looks forward to his future as a physician. Orphans who receive higher education or learn trade skills are empowered to determine the course of their lives. Several more orphans are being considered for HOPE Project grants. Gift: any amount.

Child-Specific Grants

Adopting a child internationally is costly, and the expenses don't stop after a child comes home. Special needs children sometimes require medical care and special services to reach their potential. We believe that families wishing to adopt a special child shouldn't endure overwhelming financial hardship. We place grants on special needs children available for adoption through our affiliate adoption agencies. So far, over 300 children have found their forever families with the help of Brittany's Hope grants.

Gift: Any amount, or contact us to sponsor an entire child-specific grant.

Orphan Care Village

In Injibara, Ethiopia abandoned orphans wander the roads, looking for food and a safe place to sleep. The Orphan Care Village is under construction on a plot of land donated by local officials. When it is built, the orphanage will have clean water, living spaces and schoolrooms, sanitary and kitchen facilities, a garden, and a playground. Brittany's Hope is funding temporary housing for local orphans until the Orphan Care Village opens. Gift: any amount.

I know not
what the
future holds,
but I know
who holds
the future.

At Brittany's Hope, every dollar we raise goes directly into placing grants on children and humanitarian projects. We're proud of the fact that 100% of all donations are used to make children's lives better.

Want to help? We always need people like you, with open hearts and willing hands. Give the gift of a donation, contact us, or visit our web site to discover how much you can change the world today.

Brittany's Hope Foundation is a non-profit organization dedicated to aiding children worldwide.

Sweet smiles.
Big dreams.

Every child carries hope
for a bright future.
